

Marcus Johnson

Product Manager

marcus.j@email.com | linkedin.com/in/marcusjohnson | (312) 555-0847

SUMMARY

Product Manager with 4 years of experience building B2B SaaS products in fintech. Comfortable leading small agile teams and translating business requirements into clear user stories. Strong communicator with solid understanding of engineering constraints. Looking to grow into a senior role with broader strategic ownership and larger-scale impact.

EXPERIENCE

Product Manager | Brex

2022 - Present

- Managed expense reporting module; shipped 8 features increasing DAU 15%.
- Collaborated with 5 engineers and 1 designer on quarterly planning and sprint cycles.
- Ran customer discovery with 30+ enterprise clients to inform roadmap priorities.
- Introduced user story mapping to the team, reducing rework by 20%.

Associate Product Manager | Toast

2020 - 2022

- Supported PM for payments feature; wrote specs and managed backlog for a 3-engineer team.
- Coordinated QA cycles and authored release notes for 6 quarterly releases.
- Conducted usability tests with restaurant operators to validate UI changes.
